

MADAD FINANCIAL TECHNOLOGIES
Unlocking full economic potential of
Micro, Small and Medium Enterprises
through tech-enabled platform

ABOUT MADAD FINTECH

Innovating MSME Financing in Qatar

Madad FinTech is designed to bridge the financing gap for micro, small, and medium enterprises.

By leveraging cutting-edge financial technology, we aim to remove traditional barriers and provide MSMEs with the tools they need to succeed.

Our team is passionate about empowering local businesses, fostering financial inclusion, and building a robust ecosystem where MSMEs can thrive and grow with confidence.

Our first product in line-up is an Invoice Discounting marketplace, first of its kind in Qatar.

WE BELIEVE

- MSMEs are the backbone of the economy, with the potential to create jobs, foster innovation, and diversify industries
- Every business deserves the chance to thrive, free from cash flow constraints
- There is a need to create financing solutions based on real business need
- Entrepreneurs empowered with the right financing support can achieve far more

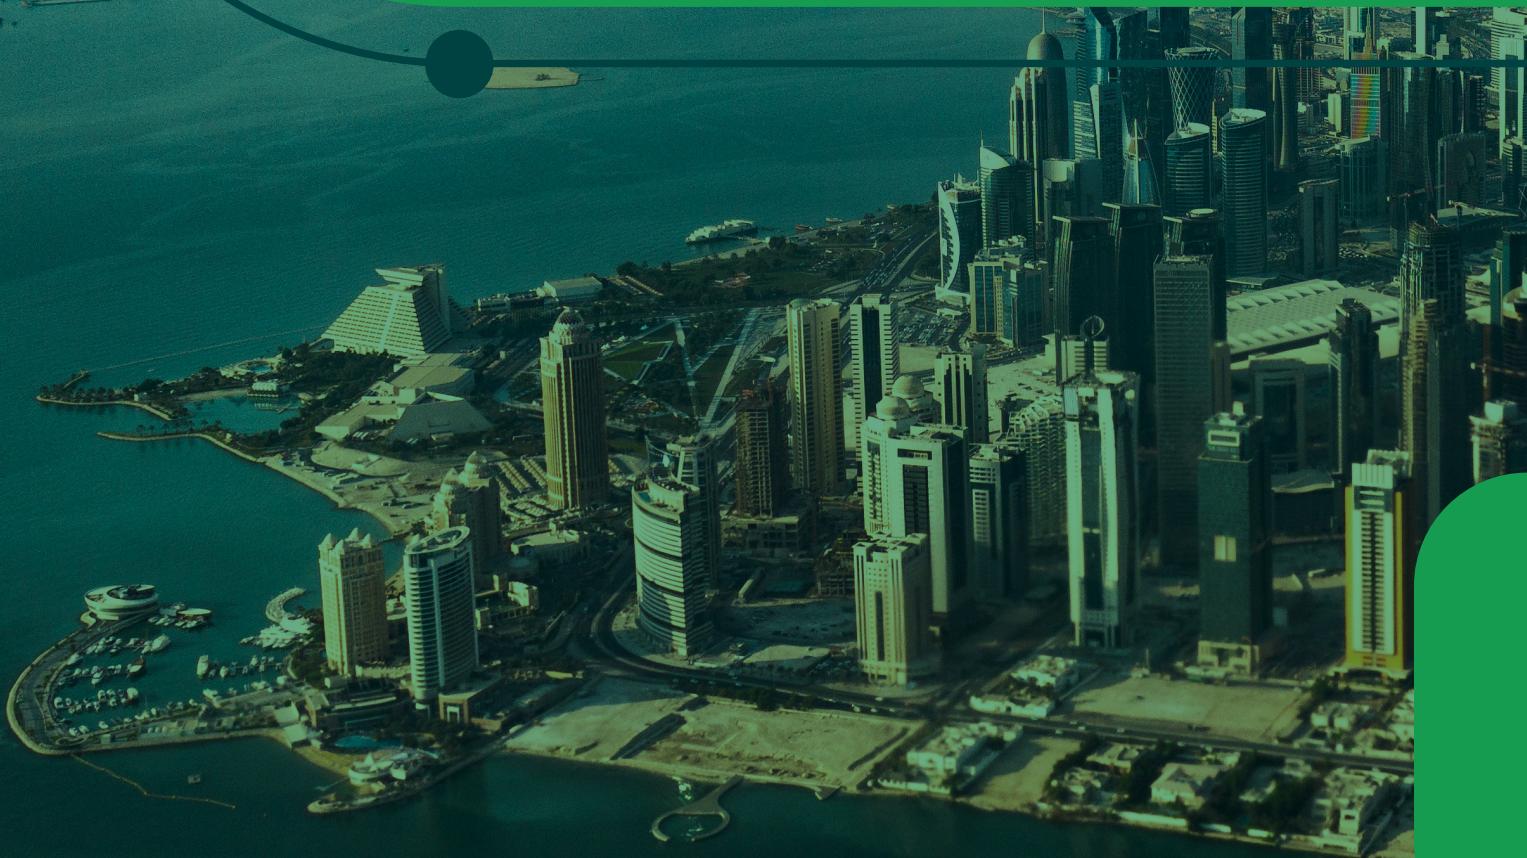

HOW DO WE HELP MSMEs

- Empower MSMEs to engage with financiers confidently through a reliable platform
- Connect MSMEs with multiple financiers, ensuring they get best financing options
- Streamline financing processes that saves time and reduces administrative burdens
- Enable quick access to financing, supporting business growth
- Create a secure and trustworthy financing environment, by utilising advanced technology
- Build a connected and supportive MSME ecosystem
